Annual Per Capital Disposal

Employees

Total Number of Employees: 1264

Explain who was included in this number and how was this employee number calculated.

This number was calculated by using org charts, emails from supervisors and seating charts. This number includes contract employees and regular employees.

Non-Employee Population

Total number of non-employee population: 1673429

Population Type: Visitors

How was this population number determined?

In this district, most of our visitors are the traveling public using our rest areas. Occassionally we have additional visitors consisting of contractors, vendors, guests from other districts, departments and agencies. We also have student assistants and volunteers.

This report summary displays the report information as submitted by the agency. To see the final report after any corrections made during the CalRecycle staff review please see <https://www2.calrecycle.ca.gov/StateAgency/WasteMgmt/AnnualReports>
<https://secure.calrecycle.ca.gov/SARC/AnnualReport/Summary.aspx?AnnualReportID=2104&Mode=View>

Date Generated: May 3, 2019 10:09 AM

Page 13 of 38

Disposal

Total amount disposed: 472.60 tons

Total transformation: 0.00

How was this disposal number determined?

The amount of waste taken to landfills is noted on teh "CEM-4401" which Caltrans requires to be sent to the recycling coordinator for accounting.

Annual Results

	<u>Employee Population</u>		<u>Non-Employee Population</u>	
	<u>Target</u>	<u>Annual</u>	<u>Target</u>	<u>Annual</u>
Per capita Disposal Rate (pounds/person/day):	140.50	2.05	0.00	0.00
Per Capita Transformation Rate:	28.10	0.00		
Calculated Disposal Rate (pounds/person/Day):	--	2.05		

Questions

What types of waste are still thrown away (not reused, recycled, or composted)?

Hazardous material containing lead and/or mixed debris which may contain oil and other contaminants.

What difficulties or obstacles have you had with finding ways to recycle, reuse or compost these types of wastes?

Hazardous materials are our biggest obstacle, materials like that cannot be recycled but must be disposed of properly.

Programs

Recycling

Beverage containers
Glass
Plastics (#3-7)
Cardboard
Newspaper

This report summary displays the report information as submitted by the agency. To see the final report after any corrections made during the CalRecycle staff review please see <https://www2.calrecycle.ca.gov/StateAgency/WasteMgmt/AnnualReports>

Office paper (white)
Office paper (mixed)
Confidential shredded paper
Copier/toner cartridges
Scrap metal
Wood waste
Tires
Construction materials/debris

Here in District 10 our DGS custodial staff collect the hazardous waste fluorescent bulbs. The bulbs are then marked with the date they were collected and taken to a centralized location. We have specifically marked bins for battery recycling, once the bin is full it is also transported to a centralized location. Bulbs and batteries are disposed of within a year of collection through a vendor. Same applies for electronic items.

Material Exchange

None

Waste Prevention/Re-use

Paper forms reduction - online forms
Bulletin boards
Remanufactured toner cartridges
Retreaded/Recapped tires
Washable/Reusable cups, service ware, towels
Reusable boxes
Reusable pallets
Electronic document storage
Intranet
Reuse of office furniture, equipment & supplies
Reuse of packing materials
Reuse of construction/remodeling materials
Double-sided copies
Email vs. paper memos
Food Donation
Remanufactured equipment

This report summary displays the report information as submitted by the agency. To see the final report after any corrections made during the CalRecycle staff review please see <https://www2.calrecycle.ca.gov/StateAgency/WasteMgmt/AnnualReports>
<https://secure.calrecycle.ca.gov/SARC/AnnualReport/Summary.aspx?AnnualReportID=2104&Mode=View>

Date Generated: May 3, 2019 10:09 AM

Page 15 of 38

Rags made from waste cloth or reusable rags
Used vehicle parts
Used Tires

We here at District 10 continue to utilize email and centralized bulliten boards to passing along memos and bulletins via as frequently as possible. We use paper towel and soap dispensers which limit consumption and waste. Our mechanic shop takes used tires to be retreaded for specific vehicles. The shop uses a service to clean their dirty soap towels for re-use. When possible we utilize used parts are many vehicles. We have an annual food drive for those less fortunate.

Green Procurement

Recycled Content Product (RCP) procurement policy

Whenever possible, our District strives to purchase recycled materials and products. Paper products are one of our biggest attributes. We also re-use products and surplus materials to avoid necessary procurement.

Training and Education

Adequate number and condition of receptacles (Existing or implemented by July 1, 2018.)*

Brochures, flyers, newsletters, publications, newspaper articles/ads

Special recycling/reuse events

Here in District 10 we have paper recycling bins and receptacles everywhere to allow for employees to recycle unwanted paper. We also use the intranet and email to provide bullitens and information. Once a year we also provide a recycling and waste event where we have paper and e-waste recycling bins for the employees to reduce storage in their desk.

Organics
